Dear Sir:-

We have not been able to rent the house,as every one objects when they findout there has been sickness. The oder of disinfectents is very noticable in the house, though we have aired it every day since you left As it is almost August I would sudjest reducing the price to say three hundred ($300.) dollars So to stop any further loss to you,at that price we might be able to rent it .

Very truely yours
